Job Title: Water Resources Planning Advisor

Department: Water Resources

Immediate Supervisor: Water Resources Manager

Origination Date:	**04/11/2013**
Revision Date:	
Job Grade	**607**
FLSA Status	**Exempt**

BRIEF DESCRIPTION OF THE JOB:

The Water Resources Specialist assists in developing high-level policy advice, performs administrative work in maintaining active liaison with all organizations having water related interests; advises the Water Resources Manager and City management regarding water policy matters that ensures a sustainable supply of water resources.

ESSENTIAL FUNCTIONS:

This information is intended to be descriptive of the key responsibilities of the position. The following examples do not identify all duties performed by any single incumbent.

	Physical Strength Code	ESSENTIAL FUNCTIONS
1	S	Represents the City and serves as a liaison to local and regional water resource groups and agencies, regulatory bodies, and other government agencies.
2	S	Interacts and elicits information from other City departments in order to carry out the City's objectives relating to water resource management.
3	S	Advises the Water Resources Manager and City management regarding water policy matters and assuring comprehensive representation of the City's interests.
4	S	Coordinates with water operation staff to ensure compliance with the State Groundwater Management Act.
5	S	Assists the Water Resources Manager with in short and long-range water planning activities including research, analysis, issue identification, projections and related tasks.
6	S	Provides highly technical and strategic planning assistance and recommendations on use of groundwater, surface water, and reclaimed water. Assists in researching issues related to the City's water rights, water supply and demand, and effluent supply and demand.
7	S	Interprets, applies and ensures compliance with the provisions of water resources regulations and other applicable federal, state, and local codes, laws, rules, regulations, etc.
8	S	Assists in the development and administration of the City's water resource master plan and development and implementation of the City's water resource program.
9	S	Serves as a technical analyst that maintains and analyzes data for water resource planning and contract compliance; prepares various reports and applications for state regulatory bodies, including the Arizona Department of Water Resources annual water use reports and develops and maintains water production and consumption information files and databases; and performs related duties as required.

JOB REQUIREMENTS:

JOB REQUIREMENTS	
Formal Education / Knowledge	Work requires broad knowledge in a general professional or technical field. Knowledge is normally acquired through four years of college resulting in a Bachelor's degree or equivalent.
Experience	Minimum three years experience in a related field.
Certifications and Other Requirements	Valid Driver's License.
Reading	Work requires the ability to read technical information and data, policies, laws, guidelines, and procedures at a college level.
Math	Work requires the ability to perform general math calculations such as addition, subtraction, multiplication, division and percentages.
Writing	Work requires the ability to write reports, ordinances, policies, and general plan goals, objectives, and policies.
Managerial	Job has no responsibility for the direction or supervision of others but may provide advice/direction to an employee with less experience/skill or tenure.
Budget Responsibility	Substantial - Supports the preparation of budget documents; may do research to justify data used in documents for a unit or division of a department. May recommend budget allocations. Often compiles data and/or enters or oversees data entry. May have responsibility for monitoring budget expenditures (typically non-discretionary expenditures).
Policy/Decision Making	Significant - The employee normally performs the job by following established standard operating procedures and/or policies. There is a choice of the appropriate procedure or policy to apply to duties. More complex work as well as decisions with more significant impacts is typically reviewed prior to being finalized.
Technical Skills	Comprehensive Application - Work requires a comprehensive, practical knowledge of a technical field with use of analytical judgment and decision-making abilities appropriate to the work environment of the organization.
Interpersonal / Human Relations Skills	Moderate - Interactions at this level usually impact the implementation of policies. Contacts may involve interpretation of how policies are implemented and may require discussion and the support of controversial positions or the negotiation of sensitive issues or important presentations. During interactions on policy implementation, contacts may also involve stressful, negative interactions requiring high levels of tact and the ability to respond to aggressive interpersonal interactions.
